

The Joe Jackson Foundation

In 2005, Joe Jackson's life was forever changed when he suffered a broken neck during practice. Paralyzed from the waist down,

Joe must now negotiate his life from a wheelchair. Some thought Joe may never return to football, but one season later, he was back on the sidelines cheering on his team to a State Championship. It was Joe's positive attitude that helped him recover so quickly. Although there is no cure for paralysis, Joe completed his rehabilitation and is the inspiration for The Joe Jackson Foundation.

The Joe Jackson Foundation is a 501(c)3 non-profit organization dedicated to improving the quality of life of children with Spinal Cord Injury (SCI) and their families.

The Foundation was created to help inspire individuals disabled by SCI to continue living actively despite the many challenges they face by: Offering guidance, education and support to those affected by SCI, provide JJF Individual Grants to cover the cost of adaptive sports and recreational equipment, support and fund scientific research seeking to treat and cure paralysis, and to inspire individuals to live actively and strive for their dreams.
